H. H. LOVING GRANTED BAIL
IN THE SUM OF \$10,000.Examining Trial Conducted In the City
Court Before Acting Judge Cross
Yesterday.

NEARLY ENTIRE DAY GIVEN TO CASE

Loving Called To Stand To Testify In
His Own Defense and Closely
Examined.

STENOGRAPHIC REPORT OF EVIDENCE

Yesterday morning shortly before noon there was taken up in the police court the case charging H. H. Loving with killing H. A. Rose, and the proceeding was heard by Judge David Cross, who is presiding in that tribunal during the absence of Judge David Sanders at Smithland, where he is visiting his family, which is spending the summer there.

The witnesses introduced were just those who had been before the coroner's inquest the day before in the City Hall council chamber, with the exception of Mr. Vernon Blow, the Louisville stave and mill man, who had to go home yesterday at noon. By agreement of both sides the testimony he gave in the coroner's inquest was accepted for the examining trial and read. Adjournment was taken at 12:45 o'clock until 2 o'clock in the afternoon, when the matter was resumed and continued until about 9 o'clock last night, when the opinion of the court was passed and Mr. Loving was held to the grand jury in \$10,000 bond, which he furnished.

The testimony of the witnesses was virtually the same as that given at the inquest, and no change was developed, either with the general witnesses or medical testimony.

The witnesses were all summoned by the prosecution, and after they had finished Lawyer Corbett, for the accused, made a motion to dismiss the charge against Mr. Loving. Acting Judge Cross overruled the motion and at this the defense then announced that it wanted to introduce Mr. Loving, who had never been on the stand, neither had he made any statement whatever since the shooting, except the few words spoken when he came out of his office into the Fraternity building hallway and stated that he just had to kill Rose to save himself. He detailed every incident connected with the shooting. The court room was crowded with hundreds of people who heard his statement, which the stenographic report shows is as follows:

"When Rose arrived at the office I was in the private office talking to Mr. V. G. Blow. I heard Rose talking loud outside, but didn't pay much attention to it, and suddenly there was a loud knock, or kick; sounded to me like someone kicking the door. Suddenly Rose opened the door and rushed into the room.

"Mr. Blow and I were sitting in front of the table. Rose came up to the table, on the opposite side, in a very excited manner, and hit down on the table, and said 'If you don't pay me that \$750, I will fix you before 11 o'clock, you — of a —' and at the same time he had his hand here (indicating his hip pocket) on a pistol. It was far enough out of his pocket that he had hold of the handle.

"I was sitting on a chair; I was afraid he would shoot me before I could get out. I saw the condition he was in and I raised right up, and said, 'Mr. Rose, I don't want any controversy with you; I don't want anything more to do with you; I have had trouble enough with you.'

"I went out of the office and as I went out through the office I said to Mr. Gilbert, 'I don't want any more trouble with Rose; he has threatened me enough.' I went on over across

officer, and instructed him to telephone for the sheriff or the chief of police.

"Rose retired July 29th as president of this concern. I learned that there had been some crooked work done in the business. I put Detective Moore on the case to work it up and he located two cars of lumber that had been shipped out of our yard at Cairo. After I got this information I had a conversation with Mr. Rose at Cairo. Mr. Rose and I went to Cairo on the 28th. When I got there I got information from Moore that he had the evidence upon and I instructed him and Mr. Cecil Reed, my attorney, to come to Cairo and we would take the matter up there. When Mr. Reed and Mr. Moore arrived there they came to the Illinois Central hotel, where we stopped, and we all three went up to Mr. Rose's room and when we got up there I had Mr. Moore read the report in our presence, and I confronted him with these charges, and he, Rose, asked for a private interview with me, and they stepped out into the hall, and when they did so, he told me he had the money in his pocket with which to pay it and would turn it over if we would not prosecute him. I told him that I did not have any ill-will toward him and that I was willing to do that for him, and if he would turn the money over it would be the end of it as far as I was concerned.

"Mr. Reed and Mr. Moore came back in there and he turned over \$500 which he claimed was all he had. That was all that was done at Cairo. We adjourned there to meet at Flournoy & Reed's office after we returned to Paducah.

"We returned to Paducah that night and met at Flournoy & Reed's office a little after 8 o'clock. Rose and I agreed down there what we would do up here. He agreed to resign as president and turn over all his interests in the company and his good will and everything else. We held a meeting in Flournoy & Reed's office and he resigned as president and transferred his stock back to the treasurer of the company, and we had a writing drawn up, signed by myself and Rose, witnessed by T. J. Moore, setting up this fact.

"So far as the newspaper article which appeared in the News-Democrat is concerned, I tried to keep that out of the paper. I heard they were going to publish something, and I informed Mr. Rose, and I went with Mr. Rose, Mr. Cecil Reed and Mr. Hal Corbett, to the newspaper office, and requested them not to publish it, and stated to them that our affairs had all been arranged between me and Mr. Rose.

"Rose always carried a pistol. I have seen it frequently, last week, and have seen it every few days for the last two or three months. I have seen him come in and take his pistol and lay it down on his desk in front of him. There were telephones in my private office and public office, but I did not want to telephone for a police because I did not care to raise a disturbance. It is two and one-half blocks from my office to my home, and the same distance from office to city hall. Mr. Harrison was not my attorney at the time I surrendered to him after the shooting.

"I telephoned to police headquarters about ten minutes after the shooting. I knew before that there was a telephone in the city office next door. I knew there were telephones all over the building.

"I had my pistol in my pocket when Rose first came in and said he would fix me by 11 o'clock if I didn't do something. I went back because I had business there. The reason I did not make sure Rose was gone before I went back was because it was my place of business and my friend Blow had come there to see me, and I thought I had given Rose time enough to get away.

"I did not think it was necessary to get an officer to go back with me, because I thought surely he would be gone by that time. I didn't expect any serious trouble, and did not want any trouble or notoriety about it if possible. I had had trouble enough about that.

"I thought I would go home and while I was gone he would go away. I put my pistol in my pocket the day before because Mr. Gilbert told me what Rose had said, and on account of Rose's threatening manner the day before I believed I was in danger of bodily harm. I was not in the habit of carrying a pistol before then. I

was carrying the pistol to protect myself against Rose from whatever might come up. That is the reason I put it in my pocket; because I had been warned. I did not anticipate any serious trouble with him.

"As a matter of precaution I had the revolver under advice of friends. When I walked to the middle door I hesitated and listened. I saw Mr. Gilbert, but did not hear him say anything to me. Gilbert may have said 'Hold on Mr. Loving. I want to see you,' but I did not hear it. When I opened the door I opened it wide open. In almost a flash the door was wide open. Rose was sitting on the east side of the table. Blow was in front of him in a chair on the east side.

"Blow's back was toward the customer house, and Rose was sitting with his side to the door. Rose got up first. At that instant Mr. Blow passed out by me, in almost the same breath. Mr. Rose was sitting on the table with his feet swinging off, square on the table. Mr. Blow was almost facing the door and Mr. Rose's left side was to me.

"I did not know anything about Rose having a newspaper statement or article prepared for publication about me. He wanted me to sign a statement that it was all incorrect about him shipping this lumber out of the Cairo yards, and denying the whole thing, exonerating him of doing any crooked work. That was when I told him I wanted him to stay away from the office. He wanted me to sign the statement so he could publish it.

"He did not tell me that if I did not sign that statement that he would publish a statement in the paper, exposing me on any charge of forgery. He did not accuse me of forging his endorsement to a check. I suppose the note is in the papers at the office in the safe. I have not seen it since it was put away, about the 5th or 6th of July, when we came home. I have not seen it since that time.

"I could hear Rose talking to Gil-

A Long
Life ClosedMRS. MARY HUSBANDS DIED
AT HER HOME HERE
YESTERDAY.Remains of S. A. Boyd Taken to
Cadiz—Funeral Today Over
Body of Mrs. Gainer.

Yesterday morning at her home on Tenth and Jefferson streets, Mrs. Mary E. Husbands passed away after an illness extending over a period of several years, during which time she has gradually grown worse and worse until claimed by the hand of the Grim Reaper.

The deceased was born July 2nd, 1836, at Christian county, Ky., and was in her sixty-ninth year when claimed by death. She was the daughter of Mary Elizabeth and John Cook, and when quite young moved with her parents to Princeton, Ky., where the home was made for a number of years. Mrs. Husbands was twice married, her first husband having been Mr. John M. Bullock, of Hickman, Ky., but he lived only one year after the union. To Colonel L. D. Husbands, of this city, she was united in marriage September 30th, 1859, and then came to this place to take up her home. She was his second wife.

The deceased was one of the state's most prominent ladies, being known far and wide as a cultured, refined and well educated woman of high standard. She was ever the center of much attention from her friends until her ill health overcame her several years ago. Her beauty of youth was retained into aged womanhood and she was a most beautiful and sweet character admired by all.

Mrs. Husbands is survived by three children, Mr. Cook Husbands and Misses Dow and Sallie Husbands, and also a step-son, Mr. Gip Husbands. Two brothers also survive, they being Messrs. James and John Cook, of Princeton.

The funeral services will be conducted tomorrow morning at 10 o'clock at the family residence, by Rev. W. E. Cave, of the First Presbyterian church, who will be assisted by Rector David Wright, of Grace Episcopal church. Interment follows at Oak Grove cemetery.

Ship Remains.

Yesterday the remains of Mr. S. A. Boyd were shipped to Cadiz, Ky., for burial. He died Thursday of malarial fever at his home several miles from this city on the Cairo pike.

Funeral Today.

Mrs. Frances Gainer's funeral will occur this afternoon at her home, 528 Hayes avenue, in Mechanicsburg. She died Thursday of malarial fever at the age of sixty years.

NOW FOR
CONFABENVOYS FROM JAPAN AND
RUSSIA FORMALLY CAME
TOGETHER.INTRODUCED OFF
OYSTER BAY YESTERDAYPresented to President Roosevelt,
Who in Turn Introduces Them
To Each Other.CROWDS WITNESS
INCIDENTAL EVENTS.

New York, Aug. 5.—Baron Komura and Minister Takahira, the two Japanese peace commissioners, together with their suite, embarked for Oyster Bay early today for their official presentation to President Roosevelt and their introduction by him to Sergius Witte and Baron Rosen, the Russian peace envoys. The Japanese were the first to start for Oyster Bay, and according to the program will be the first to meet the president.

The Japanese started on their journey in an unostentatious manner. At 10 o'clock several carriages drew up in front of the Waldorf-Astoria, and the hotel began to place the envoys' hand baggage in them. At 10 o'clock Baron Komura, Minister Takahira and Consul General Uchida boarded the first carriage. At 10:15 Mr. W. Denison, legal adviser to the Japanese envoys, and two of the minor attaches of the suite occupied the second and third carriages, while the fourth was filled with Japanese servants. The party drove to the New York yacht club landing at the foot of East Twenty-third street, arriving there at 8:45, fifteen minutes ahead of scheduled time. Commodore Robert Evans, Jr., of the naval yacht Sylph, was at the pier with three steam launches with which to convey the party to the United States cruiser Tacoma, which was anchored in midstream off the pier. Baron Komura, Minister Takahira, Consul General Uchida, M. Sato and Mr. Denison were taken off in the first launch, the remainder of the suite and the servants following in the others.

There was no demonstration at the pier, but the ambassador's salute of nineteen guns was fired by the Tacoma as the first launch drew up alongside the cruiser.

Mr. Witte and Baron Rosen, the Russian peace envoys, left the yacht landing about 10 a. m. As they boarded the United States cruiser Chattanooga they also were given an ambassador's salute of nineteen guns. Mr. Witte, Baron Rosen and Consul-General Lodyginsky, in an electric cab, headed the procession to the yacht landing. Prof. E. DeMartens and Gen. Yermoleff followed in a carriage. Several members of the envoys' suite did not accompany them but proceeded direct to Portsmouth by train.

The Russian party reached the landing at the foot of East Twenty-third street fifteen minutes before 10 o'clock, when they were due. They were met at the landing by the Russian vice-consul, Ernest DeSchilling, and by Assistant Secretary of State Pierce. Mr. Witte and Baron Rosen entered the first of the launches to leave the landing for the cruiser Chattanooga, and the remainder of the suite went in another. Mr. Pierce went out in a gig from the Chattanooga.

Opposite to the yacht landing is a recreation pier, the side of which was lined with curious persons when the envoys entered the launches. When Mr. Witte and Baron Rosen came in view of this crowd a cheer went up and there was a clapping of hands and waving of handkerchiefs. Mr. Witte and Baron Rosen, as well as the other members of the suite, lifted their hats and smiled and bowed in reply to the cheering.

When the envoys were on board of their respective steamers then the crafts moved out to sea for Oyster Bay, where they arrived shortly after noon.

Previous to this amid the booming salutes of warships President Roosevelt had left the shore at Oyster Bay and boarded the Mayflower to await the coming of the envoys. The Japanese were expected first and they arrived accordingly and they were soon presented to the president. Later the Russian envoys arrived and arrived accordingly and were very they too were presented to the president. Shortly the president then presented the two bodies to each other

er and there were short speeches interspersed with handshaking and then general conversation was indulged in while all present partook of a buffet luncheon. Soon afterwards the representatives separated and repaired to their respective steamers and these shortly moved out for Portsmouth, where they are due to arrive Monday, though the conference will not begin that day, as was yesterday expected, but on Tuesday. Monday will be given up to shore receptions by the commander of the navy yard at Portsmouth and to informal meetings of a social character. Events leading to the meeting of the envoys were picturesque. The shores were lined with people and the waters of the bay were filled with craft of every conceivable kind, gay with flags and bunting.

BRITISH TROOPS IN BOSTON.

Pass Through City Where Predecessors Had Such a Hot Time.

Boston, Aug. 5.—The Forty-third Canadian regiment, Duke of Cornwall's own rifles, arrived in this city today from Ottawa on its way to Providence, where the regiment will participate in the celebration of British Day. The statutory objection to any foreign body of soldiery marching through the commonwealth bearing arms was overcome by transferring the militiamen to special trains on the elevated railroad. By this means the visitors reached the south terminal, where they boarded the train for Providence. The regiment was in command of Lieut. Col. S. Maynard Rogers. The soldiers were given an enthusiastic reception.

DEMOCRATS ORGANIZE
CITY CLUB.

Evansville, Ind., Aug. 5.—The democrats of Evansville held a meeting at Germania hall last night and organized a Hendricks club of 400 members to take part in the approaching city campaign.

Paducah Refuses
To QuarantineTHE ILLINOIS CENTRAL ROAD
MAKES SENSALE PRO-
POSAL.Physicians And Inspectors Will Ac-
company Here Excursion Trains
Run by Negroes.

Yesterday afternoon the city board of health held a meeting at the office of President J. W. Pendley on Broadway beside the Cobb millinery establishment. All of them were there with the exception of Member Abe Anspacher.

The session was the adjourned meeting from the gathering several days ago at the home of Dr. Pendley, who was ill. Some citizens had requested that the city be quarantined against refugees and others, but the board positively refused to do this by a unanimous vote, supplemented with their expressions that the conditions were not of sufficient seriousness to warrant this drastic step being taken against the outside world. The members did not reach their decision until a full and complete discussion which fully canvassed the situation, the sentiment seeming to be that only one or two scared parties were desirous of quarantining.

As regards the negro excursions coming into the city from the South the Eighth of August, the board received a liberal and appreciative proposition from the Illinois Central railroad through its local representatives. This was that the road would furnish free transportation to several doctors and inspectors, who are to be sent by the board to Memphis tomorrow, in order they could come back with the excursions run up from that direction by the darkies the following day, Tuesday. These doctors and inspectors will make every darky aboard produce a health certificate, establishing the fact that they have not been exposed to the yellow fever prevailing in the South. In this manner there will be avoided the possibility of someone infected getting into Paducah. The railroad along with the proposition to give transportation also signified its intention of bearing the expenses of the doctors and inspectors, as they were as anxious to fully protect the municipality as any individual or citizen. The board members accepted the proposal, and will tomorrow hold another meeting to designate what physicians and inspectors shall be sent down to accompany back the special trains bearing the darkies.

Mobile's quarantine is so severe that even the Southern fruit vessels have to return to New Orleans to find a port of entry.

The Week in Social Circles.

Surprised Friends.

Miss Clara Purchase and Mr. Jas. Terrell surprised their friends most charmingly Wednesday by quietly fleeing themselves to Metropolis, where they procured the necessary and much desired documents, and then had the ceremony performed. Returning here the young people immediately entered upon housekeeping at the Terrell plantation sitting just north of the city.

Possessed of an attractive form of beauty of the brunette type, and of a very sweet and winsome disposition, the bride has always been one of the city's most popular and sought for young ladies. She is the daughter of Assistant City Jailor Joseph Purchase, who resides beside the city hall.

Mr. Terrell is the son of Contractor Edward Terrell, and an energetic and pushing young fellow, well known to everybody. He has been with his father on their big farm just north of town.

Former Paducah Girl.

The happy news was received here last week that there had been announced in Chicago the engagement of Miss Katie Nelson Robins, of that place, to Mr. Willis Leon Greg-

of Sheridan park. The bride is most charmingly reared here as a dainty, cultured and highly educated young lady who resided in this city, she being daughter of Mr. and Mrs. W. W. Robins, the former of whom for many years was the queenware dealer in the Windy City. She is a graduate of the local schools and is now attending the University of Chicago.

Her father, Mr. W. W. Robins, of Chicago, is a prominent business man and is known to a large number of Paducah friends, made during a trip to this city.

As yet the date for the nuptials has not been set, and it is hoped the pair will come here on their bridal tour.

Birthday Surprise Party.

Mr. John Birth, of 329 South Third street, was delightfully entertained Wednesday evening by a happy surprise party tendered him in compliment to the anniversary of his birthday. The affair was given by the Lutheran society and others, and a gay time had at that well known home, where they unexpectedly swooped down. During the evening light refreshments were partaken of. Those there were Rev. and Mrs. A. C. Ilten, Mr. and Mrs. J. Birth, Mr. and Mrs. Henry Kamleiter, Mr. and Mrs. F. Hummel, Jr., Mr. and Mrs. O. D. Schmidt, Mrs. H. Runge, Miss Katie Backer, Miss Sophia May Hummel, Miss Lillian Kettler, Miss Dora Hummel, Miss Sophia Backer, Miss Louisa Beyer, Miss Theresa Hummel, Miss Stella Kettler, Mr. Alex. Mitchell, Mr. Wm. Rottgering, Mr. Gus Wiemann, Mr. Wm. DeKamp, Mr. Charles Wanner, Mrs. Gus Legeay, Mr. George Beyer.

For Gentleman Visitor.

Mr. Frank Bennett, of Livingston county, was the guest of honor for a delightful social given Monday evening by Mr. and Mrs. William R. Jones at their home on Bridge street in Mechanicsburg. Palms, ferns and smiles were used in decorating the home prettily in a color scheme of green and yellow, while the arrangements in this respect continued into the dainty ices and refreshments served. A most enjoyable time was had by the guests, who were Mrs. Anna L. Watson, Miss Maude Callen, Miss Bertie Leonard, Misses Beulah and Bertie Roach, Miss Bertie Kladden of Louisville, Miss Hortense Thurman, Mr. and Mrs. Tark Son, Mr. and Mrs. Roach, Mr. Frank Bennett, Mr. Robert Fears, Mrs. Frank Dugan, Mr. Jesse Thurman, Mr. Will Larriett, of Evansville and Mrs. Jack Mills.

Reception Hours.

The board of directors for Riverside hospital has established "reception hours" for the public, they being from 2:30 until 4:30 o'clock the afternoons of Sunday and Wednesday. The hours were established only last week, but have taken on considerable popularity already, because many people visited the institution Wednesday.

These hours are for the public, who desire to be shown through the handsome hospital that is one of the most beautiful and finely furnished in the entire state. Anyone can be admitted at any time to visit their sick friends, if it is deemed advisable for the ailing to have callers, but these hours are for the entire public, and everybody is cordially invited to come to the building, where they will be shown through with much pleasure.

Grand Time.

The big entertainment and barbecue given Tuesday by Mr. Luntz Stevens at his home in the Love-laceville section of the county, was one of the most delightful and largest attended affairs of a private nature given recently. Mr. Stevens is one of the best known tobacco men and farmers of Western Kentucky and has prepared everything for a grand time and delicious feast, the festive board groaning underneath the weight of the many delicacies.

The toastmaster for the occasion

was Dr. Z. C. Holland, of Grahamville, this county, while during the meal speeches were made by Colonel Gus G. Singleton, Mr. Charles Weille, Mr. James Skinner and others. Quite a crowd went down from here to enjoy the hospitality of that popular gentleman.

Evening Social.

A crowd of happy young friends were entertained Thursday evening by Thomas Newell at the home of his parents, Rev. and Mrs. T. J. Newell, of North Seventh street between Broadway and Jefferson streets. The popular little fellow had about twenty-five friends as guests for the evening, and furnished them with a delightful gathering, many games and other diversions being indulged in. The entertainment came to a close with service of elegant refreshments.

Garden Party.

The garden party given Friday evening by the Newell Society of the Broadway Methodist church was a most delightful affair attended at all hours by a large crowd of friends and patrons. It was given on the lawn surrounding the residence of Mrs. William Eades, of Jefferson between Ninth and Tenth streets, and about sixty of the city's most popular and beautiful young ladies had charge of the affair that was a huge success in every respect.

Morning Euchre Party.

A few friends were entertained Friday morning by Misses Marjorie and Clara Parks at their home on West Jefferson street. It was a happy assembly for the bevy of young ladies, and during the card game the prize was taken by Miss Marjorie Crumbaugh.

Following the contest refreshments were served the guests who were Misses Emmy Fitzhugh, Marjorie Crumbaugh, Florence Pell, Ethel Morrow, Suzanne Jorgenson and Mrs. William Gilbert.

Entertained at Cards.

Yesterday Mrs. I. D. Wilcox entertained a number of young lady friends with a delightful card party at the home of Mrs. Ellen Morrow, on Kentucky avenue between Fifth and Sixth streets. Quite a number were there enjoying the occasion, which was complimentary to Mrs. Mott Ayres, of Frankfort, Ky., who is here with her husband during the state military encampment at Wallace park.

Sunday-School Picnic.

The Broadway Methodist church Sunday-school class of Mrs. Samuel Hubbard was given a picnic Friday over the river, by their teacher. A jolly frolic and general good time was had by the crowd that consisted of Marie Wilcox, Edna Eades, Mary Lou Roberts, Corinne Winstead, Henry Roberts, Leslie Puryear, Marshall Puryear and Miss Ada Ritter, the latter of Hopkinsville.

Pittsburg coal is proving to the people that it is the best and cheapest coal.

Neighbor Quarrel

THINGS PATCHED UP AND THE WARRANTS WERE DROPPED YESTERDAY.

Each of the Culprits Entering Ed Eaker Watermelon Patch Fined \$20—Police News.

In the police court yesterday morning there was dismissed at request of the city attorney, the warrants charging X. A. Cross, H. H. McGuire and wife, and Milton and Elsie McGuire, with breaches of the peace, as a result of the neighborly quarrel they had several days ago at their homes which adjoin each other on West Harrison street. Things have been patched up and no more interference on either side is expected.

Sherman Poindexter, Less Campbell and Noah Smith were all fined \$20 and costs each for entering the watermelon patch of Contractor Ed Eaker, right outside of town and kicking watermelons right and left until about \$100 worth were ruined. They are all small colored boys.

Sam Gary and Gardenson Taylor, both colored, were held over to the grand jury in \$100 bond each, they being charged with breaking open a box of smoking tobacco at the wharfboat, and stealing considerable.

There was held to the grand jury Ed Hamilton, the negro charged with stealing much copper wire, piping, etc., down about Fulton, Clinton and other points, and shipping it to this city over the I. C.

James Taylor, white, was fined \$10 and costs for using insulting and profane language, while he was assessed a similar sum for fighting Chris Brown. The latter was dismissed on showing Taylor was to blame.

Minnie Campbell, colored, was fined \$5 on a breach of the peace charge. There was dismissed the petty larceny charge against Lee Hart.

For being drunk and disorderly Jesse Lane was fined \$10 and costs. R. L. Overshiner and John Carl

Shot "Crazy John"

WILL FOX, COLORED, SHOT JOHN COBB, OUT IN THE COUNTY.

They Got Into An Argument Over Some Gloves and Fox Claims Shooting Was Accidental.

Deputy Sheriff Irvan Potter yesterday arrested Will Fox, a negro lad twenty years of age on the charge of shooting John Cobb, a dandy of the county, known as "Crazy John." The accused executed bond for his appearance next Thursday before Justice Jesse Young, who issued the warrant.

It seems that some nights since the two dandies had been out visiting some female friends when they started back home and a discussion ensued over Cobb having some gloves of the other dandy's. Finally while on the Whitney Howell farm where they worked Fox entered the house and got a shotgun that was not loaded, to try and intimidate Cobb into giving up the gloves. Cobb would not be intimidated and Fox then put a shell in the gun and claims he was still using same in the nature of coercion for the gloves when it went off and sent shot into the left side of Cobb, who was painfully injured.

Deputy Sheriff Potter went out in the county yesterday and arrested Fox, who was brought here and gave bond. He claims the shooting was accidental, altogether. It occurred last Thursday and was witnessed by a number of people.

HATFIELD HEIRS AFTER LAND

Claim Real Estate in New York Valued at Over \$400,000,000.

New York, Aug. 5.—Joseph T. Cowan, of Dallas, Tex., dropped in on New York yesterday for the purpose of putting into motion a claim made some time ago by several heirs of the late Andrew Hatfield for a large parcel of valuable real estate. It is declared by these persons Hatfield owned all that section of the city lying west of Fifth avenue, between Seventy-fifth and One Hundred and Twenty-fifth streets, part of which is now Central park.

This tract, embracing 160 acres, is worth much more than \$400,000,000, says Mr. Cowan, who appraises it at more than a billion dollars, but is willing to settle on a reasonable cash basis, it is said, with the present reputed owners.

The Hatfield, or Hatfield, claim is not a new one, but the heirs have now got together, and, according to Mr. Cowan, propose to take active steps towards asserting their rights. Cowan first came to New York last November, and placed the claim before the controller and the city chamberlain.

When the claim was questioned the lawyer said he would go to the register's office and procure the volume of the records wherein is recorded the lease to the city of Andrew Hatfield's 160 acres for ninety-nine years and a day, beginning with the year 1793. Mr. Cowan did not find the record. He now asserts that a certain individual, who is known to him, surreptitiously purloined one of the record books containing a copy of the lease. It is now his intention to apply to the courts to compel the custodian of the record to produce it in court.

PROMINENT MEN OF MILWAUKEE.

Indicted by Grand Jury on Charges of Bribery—Four Cases.

Milwaukee, Aug. 5.—Charles F. Pfister, one of the wealthiest and most prominent citizens of Milwaukee, was indicted by the grand jury of Milwaukee county, charged with stealing \$14,000 belonging to the Wisconsin Rendering Co., of this city.

At the same time an indictment was returned against Barney A. Eaton, state senator, charging him with bribery, and against two former supervisors charging bribery.

The indictment against Pfister alleges the accused was the bailee of fourteen thousand dollars deposited with him for the Wisconsin Rendering Co. for the purpose of obtaining for the company a large and valuable contract from the city. It is charged that he did not expend the money for this purpose, but converted it to his own use.

CONGRER MAY NOT RETURN TO MEXICO.

Ambassador, It Is Reported, Will Retire From Service.

Washington, Aug. 5.—Edwin H. Conger, ambassador to Mexico, has started home and report has it that he will not return to his post.

Mr. Conger has been in charge of the embassy at the City of Mexico for only a brief time. He went there straight from San Francisco after landing from China, where he had been minister at Peking. The fact that he is now coming home is taken as an almost positive indication that he has made arrangements to retire from diplomatic life and to enter the political field in Iowa.

Already speculation is rife as to who is to be Mr. Conger's successor.

roc a Week for The Register.

Falls In Bay

LOCOMOTIVE SINKS TO BOTTOM, DROWNING THE ENGINEER.

Crowded Excursion Train Attached Remains on High Trestle Over The Water.

New York, August 5.—Engineer William Mooney rolled with his engine down a steep embankment at Bayonne, N. J., Friday into Newark bay and was drowned. The engine plunged out of sight into deep water. A crowded excursion train on the Central Railroad of New Jersey was left marooned and with passengers panic-stricken on a trestle above the bay, saved only by a breaking coupling-pin and the bravery of the lost engineer, who went to his death while in the act of setting the emergency brakes. The train was running from Atlantic City and had just passed over a bridge at moderate speed when the train ran into an open switch and was derailed along with the tender and two baggage cars. At this point the rails are laid on a deep embankment, which forms the bridge approach, and the engine and tender toppled over the embankment. The coupling pin between the tender and the first car snapped, leaving the coaches, which fortunately stopped still on the embankment. The fireman saved himself by jumping. No passengers were injured.

LIGHTNING CAUSED APHASIA.

Woman, Dazed by a Flash, Found Miles Away From Home.

New York, Aug. 5.—Thrown into a fit of aphasia by a flash of lightning last Sunday, Josephine Donohue, of Brooklyn, was found last night wandering aimlessly about the streets of Huntington, L. I., many miles from her home in Brooklyn. Meantime the police of Prospect park have been dragging the lakes for her body and a general hunt about the city had been instituted.

Miss Donohue, who is thirty-eight years old, was listening to a band concert in the park when the storm suddenly broke. A bolt of lightning struck a tree near by and the woman, leaping from the bench where she sat with her father, ran shrieking through the park. She was soon lost to view and a constant search during four days had produced no trace of her. How she reached the Long Island town is a mystery. From what can be learned the woman ran through the park in the downpour of rain, boarded a trolley car and later changed to a steam train which carried her far from the scene where she had been stricken.

ADVANCE IS CHECKED.

Japanese Attack Repelled at All Important Points.

Godzadani, Manchuria, Aug. 5.—Dispatches received from Korea report that the Japanese have begun a simultaneous advance from Kuan-choderi against the Musariat and Piatasabang passes, but that both columns were checked under pressure of the Russian advance detachments. The Russian losses, the dispatches say, were insignificant.

Japanese warships are reported to be cruising off the mouth of Peter the Great bay, on which Vladivostok is situated, their lights being often visible from the Russian island.

Chinese arriving from the south say that the Japanese are most active in establishing trade relations in Southern Manchuria, that over a score of large business houses have been established at Yinkow, and that 5,000 Japanese sutlers and larger traders follow closely on the heels of the army.

*MRS. J. G. CARLISLE DEAD.

Former Cabinet Officer's Wife Succumbs on Long Island.

Babylon, L. I., Aug. 5.—Mrs. J. G. Carlisle, wife of the former secretary of the treasury, John G. Carlisle, died Friday at her country home in West Islip, after an illness of three weeks.

With her when she died were her husband, her daughter-in-law, Mrs. Wm. G. Carlisle, and her friend, Mrs. Hammond. Mrs. Carlisle, who was 70 years of age, was a daughter of Major John A. Goodsend, of Covington.

The funeral occurs Sunday. Ex-President Cleveland and wife are already here to attend the services.

HICKMAN BOTTLED UP.

Train Passengers Must Have Health Certificates.

Hickman, Ky., Aug. 5.—The council and health board have quarantined against all infected districts, and require a health certificate from every person entering the city on trains from non-infected districts. Boats coming up the Mississippi river will not be allowed to land at all. Boats coming down the river will be allowed to land, freight, but no passengers.

No Heat Now

To cause the fresh paint to blister. Painting done now will stay painted if we do the work.

Paducah Traveling Men's News.

(Specially Reported.)

Brother Milton Sanchez returned to Paducah Friday from a ten days' trip through the territory.

Secretary H. C. Hoover arrived in the city last Sunday from a two weeks' trip through Western Tennessee. He says he has done some good advertising for the carnival.

Brother R. S. Van Loon is in the city today. He says business is as good as ever.

Brother Louis Cornilland arrived in town Friday and says he is selling lots of bacon.

Where is Brother Buchanan? We haven't heard from him for weeks. Brother Louis Riecke is in the city. He says business is good in his territory.

Secretary Hoover leaves Monday for a trip through his territory in the interest of the Remington.

Our members are requested to write their houses at once for contributions for the country store and have them sent to H. C. Hoover, secretary P. T. M. C., 520 Broadway, Paducah, Ky. This is important that we may know what we are doing, and every member is requested to send such donations as promptly as possible.

Brother I. W. Dobbins, of the Belknap force, was in the city Friday.

Brother G. F. Buchanan is in the city today resting up from last week's work. He says he is doing the business of his career.

J. W. McKinnon, of the Ullman-Starks Saddlery Co., is reported to be at Martin, Tenn., this week fighting lady mosquitoes.

Members of this association should secure proper health certificates before leaving on their trip next week, and avoid delay. Most of our members have already secured same, and those who have not should do so before going out.

Pres. Sanchez says that the Western hotel at Ripley, Tenn., has changed hands and is now being run under new management, and the service is A. 1. The boys should give the new management every support, as they deserve it.

Brother Ernest Lackey, salesman for Hecht & Co., is a candidate for councilman from the Fourth ward. Best wishes, Erney, for a successful race.

Our members do not seem to appreciate the importance of sending in the news every week for this column, but if they would only send in a few lines each week it would give us very interesting news for this column. Each member is requested to send us some thing every week.

Brother Eugene Kahn was in Jackson last week on his regular trip. He says business is good.

The Mammoth Daily Review, dated August 3rd, says the great Parker Amusement company Demons, the young woman who loops the loop in the ball, is improving and expected to be out again in a day or so.

Brother J. W. McGlathery, who went fishing last Sunday to Lake county, fails to make report. How about it, Mc? Did you find any good game?

Our members are requested to advertise the fall carnival on the hotel registers as they make the territory.

The Evening Star of Independence, Kan., says the following about the Parker Amusement company, who will furnish the attractions for our fall carnival Sept. 25 to 30, inclusive:

"With music from a band and a dozen organs, large and small floating through the circumbient, with the big enclosure out on West Main street a flood of light and with all the apertures of a great amusement company turned loose with the sole purpose of amusing and attracting the public, carnival week was last night ushered in.

"The crowds were limited the first night—they always are the opening night—but, anyway, a fair sized crowd early went until late at night partook of the joys of the carnival court.

"A striking feature of the C. W. Parker Amusement company is the lavish fronts of the attractions and the brilliant lighting. The artistic use of gold and silver, together with color effects obtained, and, added to this, the illuminations, makes of the court a veritable fairyland, a dream, an Aladdin's palace.

"The attractions in every way come up to the most rosy advance mention made of them. They are, without an exception, refined and elegant, and they also possess merit. They are designed to amuse and they fill the bill. A more beautiful scenic spectacle than the Alps has never been conceived. Finer or more thrilling moving pictures than the Electric theatre presents have never been shown. Funnier fun factories than the Katzenjammer Kastle and the Crazy House or more complete animal and bird-circus with more or better trained performers than the one on the Parker court has never been presented.

"This high class continues through everything on the court until the hippodrome is reached. Then comparative are dropped and superlatives must, perforce, be used. It is the largest, the biggest and best show ever offered by any amusement company. The high dive of Miss Florence Spray, the loop of the loop by the Girl from Abilene, and the leap of the gap by Miracle Milo are the three most daring acts in the world of peril. But these three head-liners

do not complete the big show. There are acrobats, trapeze and flying ladder performers, slack wire walkers, trapeze head-balancers, clowns, jesters and others. In fact, the hippodrome is a circus with the circus outclassed in some respects."

Our members are requested to call and settle dues to date that we may save writing.

Members who wish application blanks are requested to call at the office of Secretary Hoover, 520 Broadway (Remington office), and get them. Make an effort to send in one or two applications each month until we stop you.

The railroads and steamboat lines are going to make liberal rates into the city this fall for our carnival and we want each of our members to extend an invitation to their customers to come to our city, get acquainted with our business people, and see the carnival. We will be glad to see them.

The carnival button will soon be received from the press, and a certain number will be registered each member for sale. See if you can't dispose of every one sent you.

Elks Building

THE ARCHITECT WILL HAVE THINGS READY BY TOMORROW.

Murray Lodge of Red Men Are Preparing to Erect Building—Material for Depot Coming.

Tomorrow night the Elks' Building company will hold a meeting at the City National bank for the purpose of ordering that bids be advertised for from the contractors, proposing what they will construct the new home for on North Fifth street where John Terrell's stable now stands. Architect O. D. Schmidt will have the plans all ready tomorrow evening, and it is probable bids will be limited to August 17th, this giving ten days in which the builders can figure over the work. The directors of the building company believe they can have ground broken by the first of September. They would have done that long ago but the architect has so much work on hand he could not complete the drawings and specifications.

How's This for Fine.

Two weeks ago there was instituted at Murray, Ky., a lodge of Red Men, the installation ceremonies being conducted by the Paducah brethren, who went down in delegate force, headed by L. L. Bebout, the leading officer of Kentucky for the organization. The lodge was started off with about 45 members and now A. Frutema, the sashem, while here Friday stated that the enthusiasm was so great among the members and the lodge was growing so rapidly, that arrangements had already been made by the lodge to erect its own building, the stock being subscribed right among the membership, and building erected by a corporate company organized for that purpose. This bespeaks most creditably for the Murray organization that bids fair to become one of the largest and most flourishing subordinate bodies in the entire state for this secret order.

Material Ordered.

General Agent John T. Donovan, of the I. C. railroad, states that the material has been ordered for enlargement of the freight depot at Sixth and Campbell streets, and that it would shortly commence arriving here. The architects have drawn the plans for the enlargement that will cost something like \$5,000, and be started on right away. The office force will shift around, first one way and then another while operations are going on.

Open Bids Tuesday.

Next Tuesday there will be opened bids put in by contractors, proposing figures for which they will construct the new buildings and make special improvements at the laundry and boiler department for the Illinois Central railroad hospital on West Broadway.

Repair Fire Damage.

The carpenters are at work repairing the damage done to the DeMert dye works by fire last week, and also the dental quarters of Dr. Sydney Smith above the Globe Bank and Trust company. Verner M. Kline, of the Niagara Insurance company, that had a policy on the dental outfit, paid Dr. Smith \$500 for his loss.

Quite Busy.

In all parts of the city business is pretty lively in the building circle and many new structures are going up, some of them very substantial ones.

Over \$29,000

REPORTS SHOW HOME PURCHASING COMPANY MADE THAT.

The Contention Is That Concern Could Not Use Over Twenty Per Cent of Revenue.

Lawyer Thomas Crice stated yesterday that he had the report made of the business transpiring while the People's Home Purchasing company existed, but same was too lengthy to be published in full. The statement of business was gotten off by Mr. Henry W. Hand, the expert book-keeper, who has been busy at the task for several weeks past, and who placed the document in the hands of Lawyer Crice, who represents hundreds of the contract holders that have instituted legal proceedings against the corporation to wind up its business, and who have also sued the stockholders for the return of money paid into the concern.

Mr. Crice said yesterday that the report showed something over \$29,000 had been taken in by the company since it started business sixteen months ago, and that the books showed all the coin had been expended for different things, with the exception of \$2,500 now on hand.

In this connection Mr. Crice stated that the contention of himself and other lawyers representing contract bond holders, was that the officers had no right to expend more than twenty per cent of this \$29,000, and that the remaining 80 per cent should have been kept in the reserve fund, to be used for paying off the obligations against the company and also to protect the holders of these contract bonds.

Mr. Hand's report will be filed in the circuit court and used there in the trial of the different proceedings pending.

As yet J. S. Bordeaux has not been captured by the police authorities to answer the different charges pending against him during his connection with the concern.

Rejects Gravel

SUPERVISOR JOHNSON REFUSES TO ACCEPT MORE GRAVEL.

Another Scrap Arises Over New Road Being Built Out From Husbands' Place.

Contractors Edward Eaker and Dick Penn have stopped work on the new road they are building from the Gip Husbands place out for three miles leading into the county. They stopped on account of Supervisor Bert Johnson, of the county roads, sending them word that he would not accept any more of the gravel the contractors put on the road.

This is the road over which there arose a controversy when the contract for graveling same was awarded. Supervisor Johnson signed a paper awarding Eaker and Penn the work and then afterwards tried to back out and take the contract away from them. Some wanted Will Yancey to have the contract. County Judge Lightfoot made Supervisor Johnson stand by his contract with Eaker and Penn, but the latter was not satisfied with them having the work, despite the fact that their bid was the lowest.

Now Eaker and Penn have gone on and graveled about 1,700 feet of the three miles of new highway to be built and several days ago they stopped suddenly because Supervisor Johnson sent them word he would not accept any more of the gravel the contractors were spreading on the thoroughfare.

This suspension, as the result of petty bickering, is causing the people of that vicinity much inconvenience and trouble as the roadway has been graded but not graveled, and therefore not in the best condition possible for traffic.

Mr. Eaker said yesterday that he did not know when they would be permitted to go ahead with the work.

OWENSBORO BOY WITHOUT ANY BONES.

Great Physiological Curiosity Dies After Living Eight Years.

Owensboro, Ky., Aug. 5.—Roy Shadwick, aged eight years, son of W. W. Shadwick and wife, died yesterday afternoon at the family home in this place. The dead boy was one of the greatest physiological wonders that Owensboro has ever known. He was born without a bone in his body, and never acquired any during his life. The place of the bones, even the skull and spine, being taken up with cartilages, similar to bone in structure, but entirely unossified. On this account his limbs could never bear his weight and his muscles responded but feebly to the impulses of the nerves. His limbs were easily bent in any direction.

The statue of Gen. John B. Castleman for the fountain in Eastern Park is on its way to Louisville. It is the work of Miss Enid Yandell.

Famous Treaties.

In view of the conference which opens Tuesday in Portsmouth, N. H., looking to peace between Japan and Russia the history of other similar diplomatic incidents is of interest.

Among the most important of the world's treaties are the following: The treaty of Westphalia (1648), which ended the thirty-years' war. The peace of the Pyrenees (1659) definitely marked the fall of Spain from its position as the leader of Europe. A historian says: "When Spain signed with France the treaty of the Pyrenees she signed away with it the last remnant of the supremacy she had exercised in Europe. France, the victor, took the place of Spain in the councils of the continent." By the peace of Augsburg (1555) religious freedom was assured to Germany and the war between Protestants and Catholics came to an end. The treaty of Utrecht in 1713 terminated the war of the Spanish succession.

A number of the most important treaties in modern history are known as the treaties of Paris. They are six in number and bear the dates of 1763, 1783, 1814, 1815, 1856 and 1898. The first of the series marked the end of the seven-years' war. Among other things it provided for the cession to Great Britain of Canada and the region east of the Mississippi river. The treaty of Paris September 3, 1783, between Great Britain and the United States, marked the close of the American revolution and recognized the independence of the colonies. The aggressions of France under Napoleon found their conclusion in the treaties of Paris of 1814 and 1815, by the second of which France was compelled to pay an indemnity to the allies amounting in all to nearly \$300,000,000.

In 1856 a treaty of Paris was concluded among the powers at the close of the Crimean war. It provided for the neutralization of the Black sea, and that it should be thrown open to the merchant marine of every nation. The treaty of Paris of December 10, 1898, terminated the Spanish-American war. Spain relinquished her sovereignty in Cuba and ceded Porto Rico, Guam and the Philippines to the United States. For the Philippines it received \$20,000,000. Other important treaties were that of Berlin, settling the Eastern question (1878) and Frankfort-on-the-Main (May 10, 1871), securing peace between France and Germany.

Latin was formerly the language used in treaties. But treaties to which several European powers are parties are now generally drawn up in French, the use of which became common in the time of Louis XIV. but the final act of the congress of Vienna (1815) contains a protest against the use of this language being obligatory.

The treaty which is now

likely to be made as the result of the Portsmouth conference will doubtless go down in the records as the "treaty of Washington," because of its original fixed place of meeting and Washington being the capital of the states. It is more than likely too, that the conference will be held in English out of distinct compliment to this country. That the conference will be marked with many features modern is certain but these, like much else which is strictly American, will develop themselves as they come along.

Hicks' Weather Predictions.

This is a good time of the year to keep cool, if you can. An experiment is worth the time as Hicks says for the next four days the temperature will be higher than since the 1st. He also predicts some storms for these same four days, which may bring relief about the 8th to 10th. He adds the 11th and 12th are reactionary storm dates and a secondary series of disturbances will develop and will last probably to about the 18th, during which time rain and wind will visit many parts of the country. Change to very much cooler will come in from the northwest on the heels of these disturbances, extending to the 21st. The 23rd to 25th will likely bring a crisis of summer heat, followed by a decided and general change to much cooler, with almost or quite frost temperature over much of the country to the northward. The last week of the month will bring a violent storm period. Tidal waves, seismic and earthquake phenomena are almost a certainty in many parts of the globe not far from August 30. Violent storms of rain, wind and thunder will sweep over central and northern states. Very cool weather, with frost to the north, may be expected to follow this period. The crisis of the very cold wave will fall in the opening days of September.

The Iroquois club of Chicago, which is composed of many as bright minds as can be found anywhere, has taken up the question of government regulation of life insurance companies, and proposes, if congress has the jurisdiction, to place the companies of the states under federal jurisdiction. There are now two bills for the governmental regulation of insurance pending in congress, one fathered by Congressman Morrell and the other by Senator Dryden, who suggests a comprehensive system of control. Neither has been acted upon and the question of federal jurisdiction has never been presented to the Supreme court. It is to the support of the latter proposition that the Iroquois club and its supporters will probably turn. Upon the action of the Iroquois club the people can count a decision which must have full influence with congress and bring the people relief from any short-comings from the life companies of the country, no matter how large or how small.

The Japanese and Russian peace envoys met yesterday. President Roosevelt formally introduced them to each other. Monday the gentlemen met for the opening of their conference. The world generally hopes they will conduct their conference with the least possible sparring for time, for it is up to them to end a bloody war and save the lives of many of their countrymen. In view of the situation of the armies in Manchuria delays are more than dangerous.

In spite of the loss of lives in New Orleans and elsewhere in that vicinity the yellow fever epidemic there will result in good, paradoxical as it may seem. The general cleaning up of the south which has followed the efforts to stay a spreading of the scourge will have made of the visitation a great benefit because of this cleaning. Truly in this instance what New Orleans' loss be other people's gain.

It is again believed in St. Petersburg that the 12th inst., which is the anniversary of the birth of the czarowitz, will see the issue of the czar's promised call for a national assembly, a declaration of amnesty and probably an announcement of peace. Russia's hope, therefore, is a new empire under those favors.

Congressman Bankhead, of Alabama, while in Washington last week gave out the opinion that all the department scandals would certainly be investigated by congress as

soon as able to get down to work. He said that he anticipated a most strenuous session of the body at its approaching term.

TRADE MAKING GOOD PROGRESS.

Activity Prevails at Many Places in Leading Lines.

New York, August 5.—Dispatches to R. G. Dun & Company indicate that trade has made further progress in the right direction. Activity prevails at Buffalo in all leading lines, and there is confidence regarding fall trade. General merchandise is active for the season at Pittsburgh. Clearance sales of summer goods by the department stores supply the only trade activity at Philadelphia, and manufacturers of clothing and lumber report a good demand. A large fall and winter trade is anticipated at Baltimore and payments are up to the average.

The jobbing trade at Kansas City continues active. Owing to the quarantine restrictions trade at New Orleans is quiet. Memphis reports unusual dullness in jobbing, but manufacturers are business. Business is quiet at Louisville and collections are reported on account of quarantine. Retail trade is dull at Cincinnati, but fall wholesale clothing business is good despite some cancellations from the South. Chicago reports that demands upon productive and distributive lines show steady expansion as crop prospects improve, interior buyers are numerous in jobbing circles, manufacturing plants are more active, and structural work increases. Trade is satisfactory at St. Paul. Crop news is favorable at Portland, Ore., retail trade brisk on account of the large number of visitors, and there is a good export demand for lumber from the orient.

Bank exchanges this week of all leading cities in the United States are \$2,380,140,353, a gain of 42.4 per cent. over last year and 32 per cent over the corresponding week of 1903.

Pittsburg Coal. No slack, no slate, no clinkers.

M. WITTE SLIGHTLY CURIOUS.

His Visit to Wall Street Only to See the Workings of the System.

New York, Aug. 5.—Gregory Wilentz, the financial agent of the Russian government, says: "The statement in this morning's papers to the effect that Mr. Witte is sounding American financiers with a view to the placing of a new Russian loan in the United States is wholly without foundation. Mr. Witte's visit to Wall street yesterday was one of curiosity simply."

"It is quite true that he had interviews with some of the leading financiers, and no doubt he will have interviews with many more. But all of these gentlemen are personal friends and acquaintances of Mr. Witte who knew him during his term of office as Russian minister of finance and the calls were of a purely social character and had no relation whatever to a Russian loan. Naturally as Mr. Witte has long made a study of economic questions it gives him great pleasure to discuss with the men of affairs of this country these important questions with a view to learning of the methods adopted in the United States."

UNLUCKY FOR TRAIN: WORSE FOR VICTIMS.

Passenger Engine in West Kills Three Persons in One Day.

Huntington, W. Va., Aug. 5.—The Guyandotte Valley passenger train, from Logan to this city, had an unlucky run Friday, killing three men and injuring another. Frank Adkins was struck by the train shortly after leaving Logan, while crossing the tracks, was instantly killed. A companion was seriously injured.

John Ashan, an aged farmer of Barbourville, was killed as the train reached that point. He stood on the track directly in front of the train, thinking that it ran upon another track.

While the engine was returning to the roundhouse after arriving in this city, George Zircle, who was walking on the track, was struck and instantly killed.

CLAIMS MADE BY BOTH SIDES.

Conflicting Statements Are Made Concerning Telegraphers' Strike.

St. Paul, Aug. 5.—In the Northern Pacific and Great Northern Railway telegraphers' strike both sides are making claims that they are gaining. President Parham, of the Telegraphers' union, says the men are remaining loyal to the union and are winning over men who refused to go out. General Manager Horn, of the Northern Pacific, on the other hand, made the positive statement Friday that he would have every vacancy filled before the end of next week, even if none of the men who have gone on strike return.

"We are getting men from all parts of the country," he said, "and our case looks very good to me."

LOVING GETS BAIL

(Concluded From Page One.)

bert in the main office before he came into the room where I was, but could not understand what he said. I recognized it as his voice. He was talking in a loud and excited manner.

"Rose did not put a dollar of money in the company; on the other hand I was the only man who put a dollar in the Kentucky Mill and Lumber company. I put \$5,000 into it. It was capitalized at \$50,000. Rose did not put in the company property on the South Side of town valued at \$4,500. The office fixtures were valued at \$800, and we paid Rose \$400 for his half interest in them."

"I and Rose owned the majority of the stock in this company, and when we entered into this agreement that was spoken of at Cairo, we represented a majority of the stockholders."

Mr. Loving went on the stand about 5:30 o'clock in the afternoon and remained in the chair testifying for about an hour. After he finished Detective T. J. Moore was introduced, and he substantiated what Loving had stated about Rose agreeing to resign and relinquish all stock held in the concern, after exposure of his theft of the two carloads of lumber.

After the evidence was completed Hon. Hal Corbett argued for thirty minutes on behalf of Mr. Loving, while Attorney John B. Wickliffe, of Wickliffe, spoke for the prosecution, for fifteen minutes.

Acting Judge David Cross then announced, without much comment, that he would hold the accused over to the circuit court grand jury which meets next month in \$10,000 bond. Mr. Loving then furnished surety of the following well known men: Dr. J. T. Reddick, Ell Guthrie, the dry goods merchant; Mr. Harry Meyers, the jeweler; Mr. W. C. O'Bryan, the real estate man; Lawyer Cecil Reed, and Mr. Amos Owsley, the railroad and coal man of here, who has been the past year up in Eastern Kentucky where he and others control large interests. On supplying this bond it was accepted and Mr. Loving then left the city hall for his home.

In holding Mr. Loving over, the judge does not do so on any specific charge, but to answer to any indictment that may be found against him.

The Physicians' Testimony.

In the testimony of the physicians before the coroner's jury the technical terms used were confusing and in the report in these columns yesterday it is thought by some that an injustice was done. If so, it was not intentional on the part of the management. The fact of the business is that before the autopsy the opinion of all of the physicians who testified was purely speculative, and the autopsy showed that in some particulars they were right and in some they were wrong, and it is but natural that the views of the physicians should differ just the same as the opinions of the witnesses in the matter of the shots fired, the position of the body or the statements overheard.

The Attorneys in the Case.

The case was ably handled on both sides and every effort possible put forth for the respective sides. Mr. Hal S. Corbett conducted the examination of the witnesses for the defense and added much to his high reputation as a man of ability; he was ably assisted by his associates, Mr. J. C. Flournoy, Mr. Cecil Reed and Mr. Thos. B. Harrison, these four gentlemen ranking among the best attorneys at the local bar.

The commonwealth's side was in the hands of Mr. Eugene Graves, county attorney, Mr. W. F. Bardshaw, ex-commonwealth's attorney, and Mr. John Wickliffe, of Wickliffe, men skilled in the practice of law. Mr. Graves conducted the examination of the witnesses for his side and they put up a strong fight against granting the accused bail. Special Judge David Cross presided and on several occasions he read a lecture to the attorneys from the bench. His rulings were fair and impartial.

HORSEMAN IS FATALLY CUT

Got Into a Fight With Other Horseman Over Race Track Ruling.

Huntington, W. Va., Aug. 5.—Capt. Wm. Crocker, prominent hotel keeper and horseman, was fatally cut in an encounter with F. H. Jerjen, of this city, W. E. Ingram and Walker Mayhew, of Ohio, all well known horsemen, and an unknown jockey, who escaped into Kentucky. The other men have been arrested. The cutting grew out of a controversy between Crocker and Ingram over Crocker's horse being ruled out of the race yesterday. Crocker was fearfully cut, there being five long gashes across his body; one of which barely missed his heart, and recovery is impossible.

New York has its Venice in a little shack village built along the water between Manhattan and Coney island. While the buildings bordering the waterway lack the elegance and historic beauty of the palaces on the grand canal, they are comfortable quarters.

THE RACKET STORE

WE ARE STILL CUTTING THE PRICE ON MANY LINES OF MERCHANDISE AND TRYING TO MAKE MORE ROOM FOR NEW GOODS. THE COST HAS NOT BEEN CONSIDERED AT ALL; THEY MUST MOVE. A GLANCE THROUGH THE ITEMS WILL SHOW WHAT DESIRABLE GOODS WE ARE OFFERING AT SUCH LOW PRICES.

Changes Views

KING OSCAR SATISFIED THAT NORWAY CAN'T BE CONTROLLED.

Is Now Anxious to Place His Son On Norwegian Throne, It Seems From Indications.

Berlin, August 5.—An intimation has been conveyed to certain high officials of the German government and to important members of the diplomatic corps in Berlin that King Oscar is now secretly anxious to place a Swedish prince on the throne of Norway. The Kaiser's recommendation of the wisdom of such a step has done much to weaken King Oscar's earlier prejudice against accepting Norway's invitation. Although the king, as recently as last week, passionately declared himself unwilling to supply the Norwegian "revolutionists" with a Bernadotte King, unless Swenden should ask it, he is now said to cherish the earnest wish that the Swedish people would suppress their resentment and, expressing themselves to a man, would permit him to send one of his sons to Christiania.

It is especially due to the Kaiser that Oscar has been brought to understand that were there Bernadotte kings ruling at Stockholm and Christiania there would be a unity of feeling throughout the Scandinavian peninsula far stronger than the late political union with all its controversies. Foreign Minister Lovland, of Norway, entrusted to your staff correspondent the following personal message to King Oscar:

"Tell His Majesty that the Norwegians wish, from the bottoms of their hearts, for a Bernadotte king."

The message was delivered to His Majesty by the correspondent.

THEY EXPRESS SATISFACTION.

Pleased at Unexpectedly Cordial Reception Accorded M. Witte.

St. Petersburg, August 5.—The newspapers generally express satisfaction with the unexpectedly cordial reception received by M. Witte in the United States in which public opinion all along has been printed as being favorable to Japan, and a more optimistic tone regarding the chances of a successful outcome of the peace negotiations is manifested. With a few exceptions they find themselves in thorough sympathy with the position of Mr. Witte as expressed in interviews with him on his arrival in New York. Several journals reproduce in their editorials, almost phrase for phrase the ideas embodied in the statement given out by Prof. De Maestens. The public generally is also in a more hopeful mood. Dispatches from New York with European comment on the situation fill several columns of every newspaper, and indeed, the forthcoming conference at Portsmouth seems to be overshadowing the important events now taking place at Pechhof in connection with the proposed national assembly.

JEFF READ'S SCHEME.

Trolley Line to Reelfoot Lake Is Assured.

Union City, Tenn., Aug. 5.—It seems an assured fact that a trolley line regular railroad will be built from Paducah Junction to Reelfoot Lake, coming by the way of Union City. An office has already been arranged here with A. E. Darrah in charge as secretary, and funds are being liberally subscribed for the survey, which will begin about the 15th inst. The latter part of this month prominent interested citizens will go to New York to complete all necessary financial arrangements, and actual work will commence on the road about the first of October and be pushed rapidly to completion. This road will be a great feeder to Union City, passing as it does through some of the richest country in the state, and will be a great convenience to sportsmen from all over the country who wish to visit the most prominent hunting and fishing resort in the South.

Traveling Men Met

NEWLY ELECTED OFFICERS WERE INSTALLED LAST NIGHT.

State Senatorial Committee Held a Session to Declare Wheeler Campbell Nominee.

At the meeting last evening of the Paducah Traveling Men's association at the Palmer, there were installed the newly elected officers who were chosen several weeks ago. They are Milton Sanchez, president; Herbert Hoover, secretary and Sim Hecht, treasurer. The new directors are A. R. Grouse, G. F. Buchanan, C. E. Renfro, Louis Cornilland and R. C. Benner.

Labor Day Committee.

This afternoon at the Central Labor Hall on North Fourth street, there will be held the regular Sabbath afternoon session by the executive committee that has charge of the labor day ceremonies. Quite a number of important reports are to be made, as the day for the affair is gradually drawing to a close.

Degree Team.

Mr. Frank Just, elected as worthy conductor at the installation of the new lodge of Eagles last Wednesday night, is selecting his degree team, and states that he will have a team of eighteen men, and expects to have one of the best teams in the state, if not in the entire South, as soon as he has sufficient time to arrange for drills, work in the ritual, etc. It is probable that no new members will be initiated at the next meeting on Wednesday evening, so as to give the team a chance to perfect their work. There are a number of new members awaiting admission, however. Three directors and a lodge physician will be selected at the next meeting.

Declared Nominee.

Yesterday the Democratic committee for this state senatorial district held their meeting at the office of Chairman W. A. Berry in the Fraternity building, and declared J. Wheeler Campbell as the nominee of the party for the state senate from this district, composed of Carlisle, Ballard, McCracken and Marshall counties. Campbell was the only candidate for the position.

Council Meets.

Tomorrow evening the board of council holds its regular session, it being the first of the month. There will be considerable business coming before the authorities for transaction.

College Committee Meets.

The committee in charge of the Methodist college proposition continues working daily getting their options under different sites, and making arrangements to bid strongly for the location here of the institution. They have under consideration many excellent locations around the outskirts of the city, but do not want to divulge their location until everything is definitely settled on as regards prices, etc.

The committeemen will meet next Wednesday afternoon again to further report their progress and talk over things.

THE JAP WON.

Case of Brute Strength Against Oriental Science.

Asheville, N. C., August 5.—In the presence of 2,000 people Prof. Ono, Japanese instructor of jiu-jitsu at the Annapolis naval academy, last night defeated "Big Tom" Frisbee, of Madison county, N. C., in a mixed wrestling match at the auditorium. The men were matched for the best two out of three falls. Ono secured the first fall in one hour and twenty minutes and the second in 35 seconds. Both falls were obtained with a strangle hold, Frisbee falling to the mat exhausted at the end of the second bout. It was brute strength against Oriental science.

The Japanese weighed 207 pounds, and stands 5 feet 6 1/2 inches, while Frisbee tipped the scales at 305 pounds and is 6 feet 5 1/2 inches high.

Yellow Fever

SCOURGE IN NEW ORLEANS IS FINDING NEW VICTIMS IN PLENTY.

However, There is Satisfaction Over Fact That Government Takes Charge of Situation.

New Orleans, August 5.—Reports of four deaths during the night in the emergency hospital were made to the city board of health today. There were also a number of new cases reported. Fourteen cases of persons other than Italians were contained in the official report of the past twenty-four hours, showing that other nationalities are coming to be infected. An Irishman was among those who died in the emergency hospital. The bulk of the cases continue to come from the Italian quarter, but the maps on file in the health board's office begin to show infection at many other points, though there has been no actual spread yet from outlying infection, all cases being traceable to the original infection.

At a meeting of the cotton exchange in New Orleans yesterday it was decided by the health authorities and business interests of the city to request the federal government to take full charge of the fight against the epidemic of yellow fever, and, acting under instructions from the president to that effect. The president at once instructed Surgeon General Wyman, of the Public Health and Marine Hospital Service, to do everything possible to comply with the request from New Orleans and to make a prompt report on the subject. There is much satisfaction over this action of the government.

AFTER TWENTY-SEVEN YEARS

Mother Finds Son Who Graduated From Nashville School.

Laporte, Ind., Aug. 5.—Dr. Home Lippe, who graduated from a Nashville medical school last February, and who had not seen his mother for twenty-seven years, returned to Indianapolis to visit her in March. His parents had separated when he was but 4 years old and the father had taken the children. After being home for a few months Lippe disappeared June 28, and all traces of him were lost. Mrs. Beeler, his mother, sought for him everywhere, but could not locate him. She had given him up for dead, when she received word Thursday morning. His brother, who is superintendent of an Indian school in Chilocco, Okla., had found him in a demented condition in a hospital in Cincinnati. Lippe was a heavy drinker, and it is supposed that his dementia was caused by excessive drink.

OPERATIONS BY JAPANESE ARMY.

Rain Ceases and Forward Movement Expected Within Few Days.

Gen. Nogi's Headquarters, Japanese Third Army, Manchuria, Aug. 5.—Via Fusan.—After many days of almost continuous rainfall the weather is clearing, thus giving hope of renewed operations by the army. The Chinese assert that the downpours of the present rainy season were the heaviest in twenty years. Last week as a result of a sudden torrent of rain, two Chinese carts with eight horses and two drivers were completely swallowed up on the main road leading toward Harbin. The ground is sandy and absorbs water rapidly, so that military operations will be possible within a week after the rains finally cease.

Insurance Commissioner Henry R. Prewitt will leave Wednesday for New York, where, acting in conjunction with commissioners from other states, a thorough investigation into the affairs of three big life insurance companies will be made.

Yesterday a number of the railroads running into New Orleans discontinued their through trains to and from the yellow fever infected district.

A Candidate

W. J. BRAYAN'S THIRD BOOM LAUNCHED AT BANQUET IN WISCONSIN.

No Longer Free Silver Shouter, a Change Comes Over Orator of The Platte.

Milwaukee, Wis., Aug. 5.—Wm. Jennings Bryan, virtually sidetracking the political principles that caused his defeat in 1896 and 1900, will undoubtedly be the Democratic nominee for president in 1908. He has publicly outlined his ideas of the platform that should be adopted. It is radical enough to keep his radical followers in line, and it is conservative enough to win the support of most of the Democrats who repudiated him in former campaigns.

Bryan's hold upon his party is undoubtedly illustrated by the fact that Wisconsin, one of the most conservative states in the union, has already declared for him. The outcome of the banquet given in his honor at Madison, on the evening of July 28, is sensational in its widespread significance—more than 300 representative Democrats who attended it launched Bryan's third boom for the presidency, pledged the state to him, and took steps to organize the movement to place the party standards in his hands once more.

Two features of this affair are so remarkable as to excite general comment. One was the ardor with which Timothy E. Ryan, Wisconsin's national committeeman, spoke in favor of Bryan for the presidential nomination. At St. Louis last year, Ryan was conservative in a marked degree. He did everything in his power to prevent Bryan from getting control of the Wisconsin delegation.

In his keynote speech at Madison, Bryan relegated free silver to the rear. He stated that in future years free silver coinage might be necessary to give an adequate supply of currency, but since the first national battle over the question had been fought, many large and unexpected discoveries of gold had been made and that in consequence the total circulation of currency had increased 50 per cent. within less than ten years. It was in order to give an adequate supply of currency that the Democrats had urged free silver coinage, he said, and the result upheld their position that more currency was needed.

Bryan has indorsed government ownership of railroads, but this, like free silver coinage, might be a stumbling block, and so in his address he stated that government regulation should be tried first. If that failed, he said, government ownership would be inevitable.

Conservative men have weighed Bryan's keynote utterances very carefully and they unite in the opinion that a great change has come over him. Many Republicans are openly declaring they will vote for him on such a platform as he has outlined unless the Republican party gets relief from the trusts and from the railroads.

Beer is spoken of by Xenophon in his history of the retreat of the ten thousand. I was well known to the Romans as the beverage of Northern Europe.

In the Belgian parliament, when a member is making a long speech, brandy-and-water is supplied him at the expense of the government.

Shepherds believe the wool on a sheep's back is an unfailing barometer. The curlier the wool the finer will be the ewather.

Charles T. Yerkes, the London traction magnate who has been very ill for some time, is to make a sea trip for his health.

Connecticut fruit growers say this year's peach crop will be the largest ever harvested and of unusual fine quality.

The boycott against American goods continues to spread in China, according to reports from that land.

River Rippings.

The steamer Clyde will come out of the Tennessee river late tomorrow night and lay here until 5 o'clock Wednesday afternoon before skipping out on her return trip.

The steamer Dick Fowler returned last night from Cairo and lays here until 8 o'clock tomorrow morning before getting out on her return to that city.

The steamer Joe Fowler comes in from Evansville today and lays until tomorrow morning at 10 o'clock before skipping out on her return for that city.

Yesterday the John S. Hopkins left for Evansville and returns again Tuesday.

The steamer Kentucky left for the Tennessee river yesterday afternoon. She comes back again next Thursday night. Captain King Hale says the unknown negro found floating in the Tennessee river opposite Mechanicsburg several days ago, was a darkly named Fitzgerald employed as deck hand on the Kentucky. The negro was drunk and fell overboard at Star Lime Works, above here, last Sunday and was drowned. The body was buried here, where it floated.

The Reuben Dunbar will come in today from Nashville and leave tomorrow for Clarksville at noon.

The City of Saltillo passed out of the Tennessee river yesterday morning bound back to St. Louis.

The steamer Enos Taylor is being worked on at the marine ways, and it will take three weeks to put the new hull under her.

The Lula Warren will get out for the Duck river tomorrow after a tow of ties. Captain Mark Cole goes up in command of her. She will be gone a week or two.

GERMANY AND SOUTH AMERICA.

Rapid Increase in Trade Due to Direct Transportation.

Washington, Aug. 5.—Reports have been received at the state and other departments for the past five years showing the rapid increase in the trade of Germany with South America. United States Consul Guenther, at Frankfurt, in a recent communication to this government, contributes the following light on the subject:

"Germany has forty-three large steamships in her South American service, and six more are nearly ready for launching. The forty-nine vessels aggregate 217,195 gross tons. Most of them are of recent construction, nineteen having been built in the years 1900 to 1905. They ply on four routes, all starting from Hamburg, connecting the latter port with the La Plata states and Brazil. Germany's flourishing export trade to South America, it is believed, is mainly due to this direct and prompt transportation service."

American firms having an established business in South America complain that they cannot even get a satisfactory mail service.

Thousands of yards of remnants of all kinds of merchandise will be closed out at reduced prices.

This is a house-cleaning sale to make ready for the great fall stock that we have been preparing for many months.

Four gross of embroidered Wash Belts and pretty Stock Collars have been reduced to only 10 and 15 cents each.

Harbours' Department Store

Half Square from B'way N. Third St.

Schlitzzy Back

CARRIED THROUGH TO EDDYVILLE BY MARSHAL McCULLOM.

H. B. Duncan Brought Back Here From Los Angeles, Cal., to Stand Trial.

Marshal Wm. McCullom, of Kuttawa, has passed through here en route back to Eddyville, Ky., with E. B. Schlitzzy, who is charged there with stealing shoes from the branch penitentiary during the time he was shipping clerk for this department while serving a sentence for embezzling from the American Express company at Fordsville, Ky., while representing the company at that point as agent.

Marshal McCullom located Schlitzzy at Portland, Oregon, and went out there three weeks ago for him, just getting back. Schlitzzy was released from the penitentiary at Eddyville only last winter and it was after he had gone that the discovery was made that he stole the hundreds of dollars' worth of shoes from the factory by shipping them out in a shrewd manner to his confederate outside the walls.

Duncan Brought Back.

H. B. Duncan has been brought back from Los Angeles, Cal., and is now confined in the county jail here. He was brought in from Louisville by Deputy U. S. Marshal Walter Blackburn and locked up.

Duncan is the man charged with going to the resort of Lucile Trammel, of West Court street last year and buying some beer. He then offered in payment of the purchase a \$20 counterfeit bill which was immediately detected by the woman who turned it back. The officers got next and arrested Duncan, who gave bond for his appearance before the United States grand jury that investigated and returned a bill against him. When this case was called for trial last April in the federal court here it developed that he had skipped out. His bond was declared forfeited and a search started for him with the result that he was located in Los Angeles and is now brought back by the United States authorities who carried him around by the way of Louisville.

It was reported that the unknown white man found dead under the straw pile on the Reynolds farm near Mayfield was Duncan, but this proved to be a mistake as the identity of the unknown has never been established.

COLLECTED BY

ASTRAL BODY.

Almost Priceless Antiques Rejected By Stanford University.

San Francisco, August 5.—The Examiner says: "Thomas Welton Stanford, brother of the late Senator Stanford, has offered to donate to Stanford University an almost priceless collection of antiques, which he says were collected for him from Egyptian tombs by the Astral body of a blacksmith-mystic, who took but twenty seconds for the round trip from Egypt to Australia. The name of the blacksmith medium, or Mahatma, is C. Bailey, and it is said that some of the leading scientists of the world believe in his work as a companion with the inhabitants of the Astral world, and his ability to perform seeming miracles. Dr. Jordan, however, has made it clear that this collection, the list of which includes many articles of great value as antiquities, will not be accepted, basing his objection on the openly-avowed method of its collecting.

It is announced that Emperor Wilham and King Edward are to meet soon and kiss and shake up old differences.

Notice of Sale

BY UNITED STATES SPECIAL COMMISSIONER.

In the District Court of the United States for the Western District Of Kentucky.

People's Bank of Wilkesbarre, Pa., Trustee, Complainant, vs. People's Independent Telephone Company, Defendant.

Notice is hereby given that pursuant to and by virtue of a decree in the above entitled cause, by the above entitled court, Hon. Walter Evans, Judge, dated July 3, 1905, I, the undersigned, Special Commissioner, will sell at public auction to the highest and best bidder, upon the terms hereinafter stated, at the county court house door, in McCracken county, state of Kentucky, in the city of Paducah, at noon on the 14th day of August, 1905, the same being the first day of the McCracken county court, as an entirety and as one property, and not in separate parcels, all and singular the property of the defendant, said People's Independent Telephone company, hereinafter more specifically described and all the right, title, interest and equity of redemption of said People's Independent Telephone Co., in and to said property, described as follows, to-wit:

Being all the property, real and personal, and wheresoever situated, of said People's Independent Telephone Co., being party of the first part, whether in possession, remainder or reversion, or in action, and now owned or hereafter to be acquired, all the telephones, telephone lines, telephone exchanges and systems, now belonging to or hereafter to be acquired by said Telephone company under its present or any future corporate powers; all franchises, granted by the city of Paducah, Ky., privileges, rights easements, licenses, poles, wires, conduits, cables, batteries, switchboards, apparatus, appliances, tools, implements, material, supplies, office furniture and fixtures now owned or hereafter to be acquired by said telephone company; all other machinery equipment to and chattel property of every kind and nature, used in connection with its telephone exchanges and systems and now owned or hereafter to be acquired by said telephone company, and all its tolls, rents, income, choses in action, claims and demands of every kind and description, now owned by it or hereafter to be acquired; and including not only all its property and rights of every kind in the city of Paducah, county of McCracken, in the state of Kentucky, but all its property right and rights, real, personal and mixed, tangible and intangible, wheresoever situated, now owned or hereafter to be acquired.

Also the property known as the Alexander system of telephones, same being lines, exchanges and poles in the counties of Crittenden, Union, Webster, Lyon and Livingston, in the state of Kentucky; and also the following extensions of lines, from the city of Paducah to the Marshall county line in Kentucky, and to Lone Oak in McCracken county and to Smithland in Livingston county, Kentucky, including submarine cable across Tennessee river.

Also the following described real estate with improvements thereon, situated in Paducah, Ky., on the East side of South Fifth street between Broadway and Kentucky avenue, formerly Court street, described as follows:

Beginning at a point in the East line of Fifth street, one hundred and seventy-three feet and three inches (173 ft. 3 in.) from the Southeast corner of Fifth and Broadway streets,

running thence at right angles from Fifth street and towards Fourth street, one hundred and seventy-two feet, thence southwardly towards Court street, and at a right angle, thirty-one feet to the division line or fence between said lot and the lot occupied by the public school building; thence along said line and in a westwardly direction one hundred and seventy-two feet to Fifth street, thence with the line of Fifth street thirty-one feet to the beginning point, together with all the rights, title and appurtenances thereunto belonging or in any way appertaining. Being the same property conveyed to it by J. W. Campbell and James Campbell by deed dated the 4th day of July, 1902, and duly acknowledged and delivered to the defendant company on the 17th day of July, 1902, and recorded on the 28th day of July, 1902, in McCracken county court clerk's office.

The terms and conditions of this sale are as follows, that is to say:

Said sale to be conducted and made according to the rules and practice of and subject to confirmation by this court, and to satisfy the amounts due and to become due as in said decree provided for amounting to \$252,625.00 with interest from the 1st day of July, 1905, at 5 per cent.

The purchaser or purchasers may use and apply in making payment of the purchase price any of the outstanding bonds or over-due coupons, secured by said mortgage in said decree mentioned, in a manner and to the extent as in said decree provided and such other judgment as the court may hereinafter make; provided, however, that no original bid will be accepted at said sale for less than \$75,000.00 and unless the purchaser shall, when the property is 'struck down to him, at once pay and deliver to said commissioner on account of his purchase, the sum of \$5,000.00 in a certified check, payable to John R. Puryear, clerk of said court. And the remainder of said purchase money shall, within twenty days from the confirmation of said sale, or such further time as the court may allow on application of the purchaser for good cause shown, complete the payment of the entire amount of the purchase money. Said special commissioner will then make, execute and deliver to said purchaser or purchasers a deed to said properties as in said decree provided, the plaintiff and the People's Independent Telephone company to execute and deliver, under the direction of the said special commissioner, the conveyances executed by them respectively, by way of confirmation and for the insurance of title to the purchaser or purchasers, his, its or their assigns, of all and singular, the mortgage property and premises and every part and parcel thereof, of every kind and description and wherever situated, hereby directed to be sold by said commissioner; and a lien will be retained in said deeds to further secure the payment of the unpaid purchase price.

In witness whereof I hereunto sign my hand this 8th day of July, 1905. EMMET W. BAGBY, Special Commissioner. CAMPBELL & CAMPBELL, Solicitors for Complainant.

KILL RUSSIAN STRIKERS.

Strike on Railway Cause of Sanguinary Conflict.

St. Petersburg, Aug. 5.—An official account received here of a strike on the Novorossiysk Vladikavkaz railway describes a sanguinary encounter between the troops and workmen who were attempting to prevent the departure of a mail train.

After one Cossack had been killed the strikers advanced menacingly, whereupon the infantry fired, killing thirty of the strikers and wounding twenty-two.

NEW HARDWARE HOUSE

We have just opened an up-to-date and well stocked hardware department for our establishment, and are carrying a mammoth stock recognized as one of the finest in the state. It includes

Stoves, Base Burners, Cutlery, Tinware, Woodware, Granite ware, Carpenter and Brick-mason Tools, Wire Nails, Builders' Hardware, and in fact a line of goods equal to that carried by the leading houses of the country.

Being buyers in large quantities, and on a basis with lead-in-houses, we are in position to give the best for the least money.

Dont buy before calling and seeing our varied stock.

E. Rehkopf Saddlery Co.,

109 South 2nd Street,

Paducah, Kentucky.

SMASH PLATE GLASS WINDOWS.

Notorious Kelly Gang Cause Temporary Reign of Terror.

New York, August 5.—The notorious Paul Kelly gang, to which much lawlessness and crime have been attributed, began a temporary reign of terror in the lower East Side today by a raid and window smashing of stores within half a block of police headquarters in Mulberry street, and ended by beating a man so badly that he may not recover. With plate-glass windows crashing first on one side and then on the other in the vicinity of Houston and the Bowery, fifty angry policemen tried in vain to catch the elusive robbers. A coffee-house was next raided, the gang's only object being to smash up the dishes, which was done after the waiters had been thrown into the street. The police were hot on the trail of the toughs by this time, and were just in time to rescue Christo Colojanes, a Greek, after his face had been lacerated and two ribs broken. The gang were robbing him of his pennies and nickels. Only one member of the party was caught and arrested.

Try Pittsburg and be convinced it is the best you ever had.

KENTUCKY, AN "OPEN STATE."

Refugees, However, Will Be Subjected to Examination.

Louisville, Ky., August 5.—The state board of health has issued a proclamation announcing that Kentucky will be an "open" state as far as refugees from the fever infected districts of the South are concerned. The refugees will be subjected to examination, however, and will be detained temporarily in camps which will be established at once near the principal cities and towns of the state.

All passenger coaches will be thoroughly fumigated and all conductors of passenger trains and captains of steamboats are appointed inspectors and required to immediately report all cases of a suspicious nature.

It was decided to open a school of instruction in Louisville at once, where train conductors will be taught how to carry out these regulations.

Mechanicsburg, corner Myers and Farley streets, August 8.
N. C. & St. L. depot, August 9.
Union drug store, Tennessee and Goebel avenue, August 10.
Old depot, corner Eleventh and Broadway, August 11.
L. C. freight shed, Sixth and below Trimble, August 12.
Gallman's, corner Twelfth and Burnett, August 14.
Fire station, corner Jones and Tenth streets, August 15.
Savage voting place, corner Sixteenth and Monroe, August 16.
County court house, August 17.
Market house, August 18.
City hall, August 19.
Come one, come all, and bring your friends and hear what they have to say. Every citizen should be interested in the affairs of the municipal government of his city. Bring your wives and children; nothing will be said or done that will mar the tenderest refinement of the hearers.

A FUMBLE AND TRIPLE

GAVE VINCENNES ONE RUN AND THE GAME YESTERDAY AFTERNOON.

DUGGAN IN FORM AND WAS INVINCIBLE.

Lloyd Pitched His First Game and Allowed But Three Hits—Cairo Won Another.

PADUCAH AND CAIRO TIED FOR FIRST PLACE.

How They Stand.
Paducah W. L. Pct.
Cairo 9 6 .600
Vincennes 7 8 .467
Princeton 5 10 .333

Yesterday's Results.
Vincennes 1, Paducah 0.
Cairo 3, Princeton 2.

Today's Schedule.
Vincennes at Paducah.
Princeton at Cairo.

Tomorrow's Schedule.
Cairo at Paducah.
Vincennes at Princeton.
Lost on Error and Triple.

An error in the first inning, followed by a three base hit, gave Vincennes one run and the game. The Indians were not dangerous only in the first inning when Gilligan walked and went to second on McClain's infield hit. Gilligan tried to purloin third base but was an easy out, McClain reaching second. Taylor also walked. Perry fanned and Bohannon fouled out. This was as near as Paducah came to scoring. The locals never got a man to third base. John Duggan was in condition and had an assortment of twisters the Indians could do nothing with.

Lloyd pitched his first game of the season and was a surprise. He had speed to let and a quick curve that was very effective. In the second inning he struck out three men, Lloyd will probably officiate regularly in the box if Platt, who jumped to Hickman, Ky., does not return. Perry, who has been sick, was back at short, Gilligan at first and Brahic in right garden.

The Indians had seven errors but only one proved costly, and that was a fumble by Bohannon.

Vincennes' one run was made in the first inning. French fled to Perry and Wilkinson went out from Lloyd to Gilligan. Cooper hit a grounder down to Bohannon, who fumbled and let it get away from him. Hippert sent Cooper home with a triple to right. Barbour went out from Perry to Gilligan.

The official summary follows:
Innings 1 2 3 4 5 6 7 8 9
Vincennes 1 0 0 0 0 0 0 0 1 3 0
Paducah 0 0 0 0 0 0 0 0 0 5 7
Earned runs, Vincennes 1. Bohannon hit, Hippert. Stolen base, Bohannon. Sacrifice hits, Donovan, Forney. Double plays, Bohannon to Perry. Left on bases, Vincennes 6, Paducah 4. Struck out, by Duggan 5, by Lloyd 4. Bases on balls, off Duggan 4, off Lloyd 2. Time of game, 1:28. Umpire—Kubitz.

Many Hits, Few Runs.

Cairo, Ill., Aug. 5.—Cairo knocked the ball all over the lot this afternoon, using up three pitchers, one, Magillies, a new find by Ray. Fast fielding by the visitors kept down the score. Cairo's errors almost gave the game to Princeton. The summary:
Princeton 5 1 5
Cairo 2 5 5
Batteries—Carnes, Magillies, Rosen and Downing; Taylor and Lemon.

BASEBALL NOTES.

A large crowd should be out to see today's game.

Today the 1905's play La Center at the latter place.

The L. A. L.'s left yesterday for Missouri to play eight games.

Frakes will pitch today for Paducah and Perdue for Vincennes.

The F. W. Cooks go to Metropolis today to play the first team of that city.

The Old Heads and Bricklayers will play this morning at League park.

Vincennes and Paducah wind up their series today, and Cairo comes tomorrow.

Uhl, formerly with Henderson, is playing first base for Peoria, of the "Three I" league.

Dubique got 16 hits off Edwards, of Decatur, Friday, winning by the score of 12 to 2.

Paducah and Cairo are now tied for

first place. This should make the next series with Cairo interesting.

McClain pulled down a long fly from Wilkinson's bat in the seventh inning that looked good for three sacks.

Cairo will give Paducah four hard battles as the Egyptian city team has been strengthened since last playing in Paducah.

The Belvederes will go to Metropolis today and play a boy team, Batteries—For Belvederes, Willett and Shepherd; for Metropolis, Gray, and Ellis.

The Princeton fans have collected enough money to run the team another week. In the meantime an attempt will be made to get sufficient funds to carry the team through the season, which ends September 20. President Brown, stated yesterday that he thought there would be no trouble for Princeton to get enough subscriptions to finish the season. If the fans had not been successful Princeton was to drop out today.

Six triple plays made this season in the major league are: April 15, Pittsburgh in Cincinnati—Clancy to Clarke to Richey; April 24, Washington in New York—Patton to Stahl to Cassidy (American league); June 1, St. Louis in Cincinnati—Beckley to Arndt to Thielman; July 11, Cincinnati in Boston—Wolverton to Moran to Tenney to Moran; July 14, Corporan to Huggins to Schlei and Steinfeldt to Huggins; July 26, Cincinnati in New York (National League)—Dahlen to Gilbert to Bowerman to Bresnahan to Gilbert.

Wiley Platt pitched Friday for Hickman, Ky., against McKenzie, Tenn., at the latter place. A special from there says: The McKenzie Skeeters played Hickman this afternoon, the game resulting in a tie. It was considered the best contest ever seen here, and but for the wildness of Francis the Skeeters would have won. McKenzie took the first game of the series, July 4, 8 to 3. Hickman then sent to Paducah and got the crack battery, Wiley Platt and Brahic. The coming of the celebrated Wiley was heralded far and near, and drew a large crowd. Platt pitched effective ball, striking out seventeen and allowing only five hits. Francis struck out ten, but gave four bases on balls and made a balk. The same teams play tomorrow. The Skeeters will also play the Nashville, Chattanooga, and St. Louis team from Nashville. The latter team claims the amateur championship of Middle Tennessee. The summary:
McKenzie 4 5 1
Hickman 4 6 1
Francis and Rainey; Platt and Brahic.

JURY AGAIN DISAGREES.

Was Out Forty Hours in Case of Congressman Williamson.

Portland, Ore., Aug. 5.—For the second time, after deliberating for over forty hours, a jury in the United States district court has reported to Judge DeHaven that they were unable to reach an agreement in the case of the United States against Congressman J. N. Williamson, Dr. Van Geesner and former Commissioner Marion O. Briggs, charged with conspiracy to suborn perjury in connection with the securing illegally a part of the public domain, and was discharged.

At the previous trial the jury was discharged after deliberations which lasted almost two days.

During the trial, which was concluded today, the case was even more bitterly contested than during the first, and the failure of the jury to arrive at a verdict is a keen disappointment to the prosecution, which believed that it had made out a much stronger case than in the former trial. The jury stood 6 to 6. The case will be tried for the third time on August 28.

TAFT AND PARTY ARRIVE AT MANILA.

Arrival Made Occasion of Most Enthusiastic Welcome.

Manila, August 5.—Secretary of War Taft and party arrived here on the steamship Manchuria yesterday. Their arrival was made the occasion of an enthusiastic welcome. Governor General Wright, Major General Corbin, Rear Admiral Train, with staffs and official reception committee, met the party when the Manchuria arrived.

Luminous shrimps have been discovered by the Prince of Monaco in the course of his deep-sea fishing in the Mediterranean. They live at a depth of from eleven hundred to sixteen hundred fathoms, and are studied with small phosphorescent spots which light their way through the gloomy depths.

Many of the officers of steamships running to this port are afflicted with a new eye disease which, for want of a better name, some of them call the "fog eye." It is an inflammation of the eye caused by peering into the fog, and while painful, it soon passes away.—Boston Transcript.

New York has on hand yet

for fever suspect cases.

No Vacation

WILSON IN WASHINGTON TO WAIT ON HINTS AND SCANDALS.

Mrs. Hyde Calls at Department for Husband's Salary, but It Is Withheld.

Washington, Aug. 5.—Secretary Wilson has determined not to take his annual vacation during the progress of the investigation he is conducting in the department of agriculture. He had intended to leave Washington on August 1 to accompany Chief Forester Gifford Pinchot on a tour of the Western forest reserves. This work will now be left to Mr. Pinchot.

"If any person has any reason to inspect the integrity of any of my employees, now is the time for him to speak," said the secretary. "I am in the inspecting business now and want to get at the bottom of any rumors or facts that may be brought to the department. I am making inquiries on my own hook but at the same time I will bring the searchlight to bear on any employee whose actions may be the subject of the suspicions of outsiders. Let them bring in their hints of wrongdoing and we will find out whether there is foundation for them. Why, a few days ago I solved two in one day."

The weather bureau and the bureau of animal industry were said to hold scandals. I believed then there was no foundation for the charges, but I had also believed that Holmes, the former associate statistician was not guilty of wrongdoing. I was in error in regard to Holmes, so I accepted the charges against the bureaus mentioned as a basis for investigation. I found that the charges were without foundation."

Mrs. John Hyde, wife of the former chief of the bureau of statistics, who is now in Europe, visited the department today in an effort to collect the salary that is due her husband.

She was told that the bureau was under investigation by the department of justice, and the amount due her husband would have to be withheld until this investigation had been concluded. No word has been received from Mr. Hyde since his cablegram to Secretary Wilson saying he would return from Europe as "soon as possible." Mrs. Hyde has learned that her husband is suffering with new carbuncles. He had trouble of this character when he left the United States. It is not known here whether the recurrence of his ailment will delay his return home. The department of justice is very anxious that he should come to Washington without delay, and he has been cabled not to lose time unnecessarily.

BOY BANDITS ARE CAUGHT IN THE ACT.

New York's Precocious Youths Arrested With the Goods On.

New York, Aug. 5.—Two boys in knickerbockers attempted yesterday, to loot a house in West Eighty-fourth street. They forced an entrance with all the care and skill of experienced burglars, but were caught as they emerged through the front door carrying a bag, in which were jewelry, cigars, camera films, memorandum books and trinkets. In the loot was a valuable pearl necklace. The entire lot is valued at \$1,000.

The boys are both from good families, and their parents were thunderstruck when summoned to the police station and told of their exploit. One was twelve years of age; the other fourteen. Neither would say much about their exploit, but they took no pains to show they were proud of it.

A passerby who was made suspicious by the actions of the two boys, was instrumental in their capture. He called three policemen, who, on investigation, found that the boys had prized open a trap-door on the roof and broke through a heavy wire screen beneath, by dropping on it a stone weighing thirty pounds. With a rope ladder they then descended and carefully ransacked the house, whose owner was absent in the country.

Two detectives, who had been posted at the front door, captured the youthful burglars when they sallied out with armloads of spoils.

In an ugly wreck on the Rockwood-Johnstown train of the B. & O. road, Thursday, forty passengers made a miraculous escape from death. One, however, was fatally hurt and several badly. A broken rail threw the train down a high embankment.

Fearful atrocities are charged to M. Liegot, a French officer, who died under mysterious circumstances. He was stationed in China.

Sante Fe county, N. M., is about to be forced into the hands of a receiver. The county owes a million dollars and is unable to liquidate.

In a pistol duel near the Virginia line, between Berry Hensley and Mose Middleton, Jr., the latter was instantly killed.

Harvey Johnson, a negro preacher, is under arrest at Hamilton, O., on the charge of murder in the first degree.

Are You Billious?

Have you that tired, worn-out feeling? Do you have blind or dizzy spells? Do you have shooting pains in the head, back, arms and legs? Is your appetite bad? If you have these symptoms you need a

Bile Capsule

The price is 5 cents each. This week they cost you nothing. Their value to you cannot be estimated because they may save you a long spell of illness, or even your life. The dose is one every 30 days.

Mr. C. G. Kelly is up at Dawson for his health, which is getting better.

The best and cheapest coal in Paducah is the Pittsburgh Coal.

CHICAGO THIEVES ESCAPE.

Volley of Shots Causes Them to Drop Their Booty.

Chicago, Aug. 5.—Four officers of the police force last night sent a fusillade of shots after two robbers, who had stolen goods valued at \$2,500 from a baggage car standing in the yards on West Sixteenth street. The thieves escaped without their booty, but three innocent persons were shot by the officers, none seriously, however. The wounded are: Lieut. James Larkin, shot in the wrist; Morris Cohen, shot in the leg; Mrs. Cohen, car shot off.

The robbers loaded the booty on a wagon and drove to Israel Jacobson's shop, where they tried to sell the plunder to Jacobson. He kept them dicker while his son ran to notify the police.

Detective Voss saw the thieves half a block down Union street and was first to fire, after his command to halt had been ignored. Then Lieut. Larkin started to empty his gun, and Officers O'Hara and Sullivan joined in the running fusillade, but the robbers hurried away on foot.

The party turned up Barker street, and at length rounded into Halstead. Larkin, breathless, halted at the corner a moment, aimed directly at the fleeing thieves and fired three shots. Only one took effect, and that was in his own wrist.

Followed by several hundred persons who had been attracted by the shooting, the thieves ran until they reached a convenient spot, where they jumped into a buggy and escaped.

Cohen and his wife, who were sitting in front of their shop, were hit by stray bullets.

Dr. Sidney Smith will be back in his office over Globe Bank & Trust Company about August 10.

Fatal Return Trip

PINCKNEY CHILDRESS VENTURED BACK INTO CITY AND IS NIPPED.

Scott Overton, Colored, Claims That Arthur Burks Stole His Revolver—Negro Women.

Pinckney Childress was arrested yesterday by Officers Churchhill and Rogers and locked up on the charge of being an escaped chain gang prisoner. He was serving time upon the chain gang several months ago when one day he made good his escape and has not since been seen here. A few days ago he ventured back into the city and was picked up by the authorities when they got wind of same, and put back in jail to serve out the remainder of his sentence imposed last winter. He will then be charged with escaping from the gang and given another judgment.

Gun Stolen.

Officers Singery and Alexander yesterday arrested Arthur Burks, colored, on the charge of carrying concealed in his pocket a revolver found there. Scott Overton, the saloonkeeper of South Tenth street, claims that Burks stole the revolver from his place of business. The accused was then charged with two offenses, one of stealing the gun and the other of carrying same concealed.

Women Locked Up.

Eva Johnson and Hattie Harris, both colored, were arrested by Officers Singery and Alexander on the charge of engaging in a scrap.

Accused of Being Drunk.

Daddy Sands, white, was arrested by Driver John Austin, of the patrol wagon, and lodged in the cooler on the ground that a multiplicity of drinks had handicapped his navigating capacity and he could not steer straightward.

THE W. C. T. U.

Last Regular Meeting of This Body of Temperance Workers.

(Specially Reported.)

The meetings of the W. C. T. U. of Paducah show an increase both in interest and attendance.

On last Thursday afternoon Mrs. Anna Friant read a most impressive article entitled, "Give thanks for what?" in which the writer demonstrated very conclusively that not only prosperity but even adversity is generally a blessing in disguise, and that the true Christian "who dwells on the heights" will accept whatever comes as the will of God and give thanks for all the lessons it teaches.

Mrs. Dorothy Koger read the address of U. S. Senator A. J. Beveridge, of Indiana, at the unveiling of the Willard statue in the capitol at Washington, D. C. Senator Beveridge chose as his subject, "A Tribute to an American—Miss Frances E. Willard," and his address on this occasion will pass into history as one of his greatest efforts. In the course of his address he paid Miss Willard this beautiful tribute: "She made purer the moral atmosphere of a continent—almost of a world. She rendered the life of a nation cleaner, the mind of a people sner. Millions of homes today are happier for her; millions of wives and mothers bless her; and countless children have grown into strong, upright and beautiful maturity, who but for the work of Frances E. Willard, might have been forever spoiled and weakened."

Mrs. C. A. Norval, who has recently returned from a visit of several weeks in Eastern Missouri, gave an interesting account of the status of the temperance question in that state. She was surprised at the interest that had developed in the temperance question within the last few years, and said that the Sunday closing law was actually enforced, as conceded by everyone. When questioned as to the cause of the growth of temperance sentiment, Mrs. Norval said she attributed it largely to the educative influence of the W. C. T. U., as Missouri has for years been one of the most thoroughly organized states in the Union. She also said that the effective Sunday closing was undoubtedly the result of Gov. Folger's vigorous attitude on the question and the sublime faith of the masses in his integrity as an executive and as a man. Mrs. Norval's talk was received with the closest attention.

The meeting next Thursday will be evangelistic and will be conducted by Mrs. Julia Miles.

Electric Light Notice.

All bills are due and payable at the office of the company, 120 South Fourth street. Current will be discontinued if bills are not paid on or before August 10.

PADUCAH CITY RAILWAY.
